

Californians and Their Government—September 2024

Full Crosstabs—Likely Voters Only

Methodology Note:

Findings are based on a survey of 1,605 California adult residents, conducted online using the Ipsos KnowledgePanel. Interviews were conducted in English and Spanish according to the respondents' preferences. The median time to complete the survey was 19 minutes. Interviewing took place from August 29—September 9, 2024.

These crosstabs are based on a subgroup of 1,071 likely voters. The sampling error, taking design effects from weighting into consideration, is ± 3.7 percent at the 95 percent confidence level for the unweighted sample of 1,071 likely voters. The sampling error for unweighted likely voter subgroups is larger. Sampling error is only one type of error to which surveys are subject. Results may also be affected by factors such as question wording, question order, and survey timing.

If you have any questions or require additional information regarding this survey, please contact surveys@ppic.org

<p>Q55. Proposition 47 is the 2014 ballot measure that was introduced to reduce the classification of most nonviolent crimes from a felony to a misdemeanor, unless the defendant had prior convictions of murder, rape, and certain sex offenses or certain gun crimes, and permitted resentencing for those serving a prison sentence for any of the offenses that were reduced to misdemeanors. It also created the Safe Neighborhood and Schools Fund to receive appropriations based on savings from the initiative.</p>
